MENDON-UNION SCHOOL

MENDON, OHIO

administration

GARY W. MILLS

Throughout the years Mendon-Union Schools has always been a strong contender for high honors in both the fields of scholastic achievement and athletic prowess. You, the student body, can take great pride in knowing that your accomplishments have been widely acclaimed while being among the smallest schools in Ohio. Your primary consideration must be for each of you to give your very best efforts to the school and community so that both will continue to prosper and survive. Always remember that "in everything that matters the inside is much larger than the outside."

As my family and I depart from Mendon this summer we will carry with us many fond memories of a school, faculty, student body and community that has been an important part of our lives. Good luck and best wishes in the future years.

Gary W. Mills, Supt.
